PRESENTED BY:

Krimo Bouaou

Senior Customer Success Manager

Agenda

Housekeeping

- Asking Questions:
 - Use the little hand on the side panel
 - This alerts us there is a question
 - Type question into the chat dialogue box
 - The question will appear in the question pane

Webinar Objectives

- At the end of this session, you will discover the many ways that Relationship Demographics can be leveraged for projects and reports.

Relationship Demographics

- What are Relationship Demographics?
- Example:
 - Faculty Demographics
 - Student Demographics

Leverage **faculty** demographics for projects and reports

Group By

Create a relationship demographic field

Import

Use an existing/new relationship datasource and import additional fields

The field will be prefixed with a “+”

Filtering

Go to an existing/new definition using that datasource and apply a filter using that field

Triggering

Go to an existing/new project and create a trigger using that field

Secondary subject selection

Let students pick instructors, TA's, with min/max for each role type

Triggers

Trigger different questions for instructors and TAs

Group filter

Give SVM privilege to instructors only, in a project

Project filter

Give QP privilege to instructors only, in a project

Project/Report filter

Evaluate only instructors with a minimum of contact hours

Leverage instructor demographics for SV and QP

Program Evaluation

Make students evaluate their program while evaluating their courses

Triggers

Have a category of students (elective) receive additional questions

Append & Group filter

Update the enrollment by uploading (appending) the list of dropped courses by students

Group filter

Survey a student at the most opportune time for open online courses by only sending course evaluations once a "ready" condition has been met for each course

Cross-listed courses

In Blue 8: With the new FO Settings, You can invite students to take the evaluation for the section they registered to.
